Welcome to Django Lab 08
Template Inheritance • Modular UI • Dynamic Navigation
Home
Clean homepage using the master template layout.
Template Inheritance
Common navigation and styling are inherited from base.html.
User Feedback
Feedback messages appear through a shared template block.

✓ About Us page loaded successfully.
About Us
This page demonstrates Django template inheritance. The navigation bar, message notification area, CSS and footer are defined in the master template and reused by this child page.
Master Template
The base template contains the common layout and navigation.
Child Templates
Home, About Us and Contact Us override only their required blocks.
Dynamic Navigation
The active page receives an active CSS class from the view context.
Modular Design
Shared UI elements are written once and reused across pages.
